

Burlington/Mebane Pediatrics is a thriving general pediatrics practice with three locations in the enviable Triad/Triangle region of North Carolina. We are privately owned by the physician partners of our practice. With 8 physicians, 5 physician extenders, and 40+ clinical and administrative staff, we are the premier pediatrics group in the greater Burlington-Mebane area.

Founded in 1971, our practice philosophy is reflected in our Mission Statement: We are dedicated to meeting the complete healthcare needs of the children and adolescents we see by providing the highest standard of medical care that is compassionate, convenient, and cost-effective. We believe in practicing medicine with integrity and strive to build long term partnerships with our patients and their families based on trust.

Clinic Overview

We are open Monday-Friday, with morning walk-in hours. We also offer urgent care on weekday evenings and weekends. We provide all aspects of routine pediatric care, including well visits, sports physicals, immunizations and sick visits. We manage ADHD, mental health concerns, chronic medical conditions, complex medical issues, and contraception. We offer complimentary prenatal consultations and group sessions, such as Baby Boot Camp for expectant or new parents. We perform procedures including circumcisions, suturing, incision and drainage, and wart cryotherapy. We use Office Practicum, an electronic health record designed specifically for outpatient pediatrics. Each of our locations has a comprehensive in-house lab that processes Group A strep, Influenza, and RSV tests, as well as CBC profiles, cholesterol, urine dipstick, and urinalysis. Our physicians hold privileges at Alamance Regional Medical Center, a hospital within the Cone Health System, where we provide care for the Newborn Nursery. The hospital also supports a Level 2 Special Care Nursery, staffed by in-house Neonatologists, who attend deliveries.

We take pride in our reputation for clinical excellence. Burlington/Mebane Pediatrics holds the distinction of being recognized as a Level 3 Patient-Centered Medical Home by the National Center for Quality Assurance (NCQA). We are also a recognized participant in the Blue Cross Blue Shield Quality Physician Program, which is based on rigorous quality measures. We have won numerous awards from the state, including recognition for our outstanding immunization rates. We are active members of Community Care of North Carolina (CCNC), Triad Health Network (THN), and UNC Health Alliance, and have been recognized for our exemplary management of chronic diseases such as asthma, based on our

low ED and hospital admission rates. Burlington/Mebane Pediatrics is a preceptor teaching site for Elon University's Physician Assistant Program and UNC School of Medicine's medical students.

At Burlington/Mebane Pediatrics, you will have the opportunity to work with collegial providers in a supportive work environment. We offer the benefits of working in a close-knit small community with the convenience and accessibility of excellent tertiary medical centers, including Duke, UNC, and Wake Forest. With confidence in our sound business model, we are prepared and excited to navigate the uncertain future of health care.

Our providers are leaders in our local community, with active participation in numerous civic and charitable organizations, including the Alamance Chamber of Commerce, county School Board, Children's Museum of Alamance County, Alamance County Board of Health, and Hospice and Palliative Care Center of Alamance-Caswell. We value and support our employees and are proud to be one of the best employers in Alamance County.

Area Overview

The greater Burlington-Mebane area is strategically located on the I-85/I-40 corridor that runs between Greensboro and Research Triangle Park. We are home to the headquarters of LabCorp, as well as Elon University. The economy is well diversified with one of the lowest unemployment rates in the state. It boasts an excellent school system with convenient access to metropolitan attractions in Greensboro, Chapel Hill, Durham, and Raleigh. We are two and a half hours from the mountains and three hours from the beach. Additional information about our area can be found at www.visitalamace.com.

Position Overview

We are seeking a motivated, team-spirited BC/BE pediatrician with an unrestricted North Carolina medical license and excellent clinical training for a full-time associate position with partner track option. Full-time physicians have a 4 days/week clinical schedule that includes rounding in the newborn nursery at Alamance Regional Medical Center, and call 1:7 that includes evening and weekend urgent care clinic.

We offer a competitive salary with stellar benefits, including a generous 401K package with profit sharing, health insurance, vacation time, CME, sick days, short-term disability, and relocation expenses. Our 3-Year Partnership Track includes productivity bonuses, with the potential to earn in the top 10% of general pediatricians.
